**SUPPLEMENTARY INFORMATION:**

I. Background: The Deficit Reduction Act of 1984 established an Income and Eligibility Verification System (IEVS) for the exchange of information among state agencies administering specific programs. The programs include Temporary Assistance for Needy Families, Medicaid, Food Stamps, Supplemental Security Income, Unemployment Compensation and any state program approved under Titles I, X, XIV, or XVI of the Social Security Act. Under the Act, programs participating must exchange information to the extent that it is useful and productive in verifying eligibility and benefit amounts to assist the child support program and the Secretary of Health and Human Services in verifying eligibility and benefit amounts under Titles II and XVI of the Social Security Act.

On September 27, 2006, the ETA of the Department of Labor issued a final rule regarding the Confidentiality and Disclosure of State Unemployment Compensation Information. This rule supports and expands upon the requirements of the Deficit Reduction Act of 1984 and subsequent regulatory changes.

**II. Review Focus:**

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
